Our mayo stands have evolved to meet the needs of the marketplace for maximum utility in an increasingly crowded surgical environment.

CHROME STANDS

MODEL 1501 INSTRUMENT STAND features a five-leg cast aluminum base with wall savers. A Tru-Loc™ friction knob secures the height adjustment of the stainless steel tray. Travels easily on 2" twin-wheel hooded casters.

| Model No. | Part No. | Feature | Height Adjustment | Tray Size | Ship Wt. (lb) est. |
|-----------|------------|------------|-------------------|-------------------|--------------------|
| 1501 | 0661501000 | 5-leg base | 29-1/2" to 49" | 12-5/8" x 19-1/8" | 14 |

MODELS 1510 AND 1515 DOUBLE-POST AND SINGLE-POST CHROME MAYO STANDS adjust easily with the Tru-Loc™ friction knob to ensure secure positioning of the stainless steel tray. Travels easily on 2" twin wheel casters (1510) or hard rubber casters (1515).

| Model No. | Part No. | Feature | Height Adjustment | Tray Size | Ship Wt. (lb) est. |
|-----------|------------|-------------|-------------------|-------------------|--------------------|
| 1510 | 0661510000 | Double-post | 34-1/2" to 54" | 12-5/8" x 19-1/8" | 19 |
| 1515 | 0661515000 | Single-post | 31-1/2" to 51" | 12-5/8" x 19-1/8" | 12 |

STAINLESS STEEL STANDS

MODEL 1520SS AND MODELS 8841SS (NEWARK) are a superior choice for value-conscious customers. They utilize a Tru-Loc™ friction knob for manual locking at desired height. The 1520 uses a lighter tray support and stainless steel base (one size only). Travels easily on 2", single-wheel casters.

| Model No. | Part No. | Feature | Height Adjustment | Tray Size | Ship Wt. (lb) est. |
|-----------|------------|---------------|-------------------|-------------------|--------------------|
| 1520SS | 0671520000 | Tru-Loc™ knob | 37-1/4" to 64" | 12-5/8" x 19-1/8" | 21 |
| 8841SS | 0638841000 | Tru-Loc™ knob | 39-1/2" to 62" | 12-5/8" x 19-1/8" | 36 |

STAINLESS STEEL SOLUTION STANDS

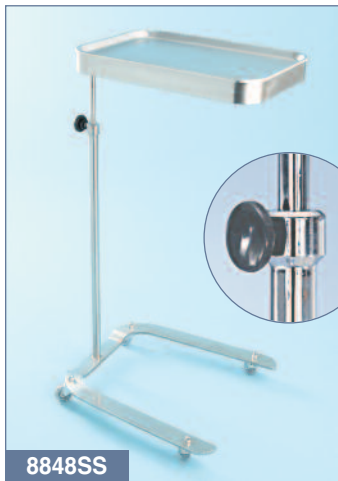

MODEL 7807SS (BAKER) AND MODEL 7808SS (SNYDER) SOLUTION STANDS have a single or double basin with a supporting frame connected by your choice of a bottom shelf or H-brace. The bracing and shelf, as well as all stainless welded construction, enhance the stand's strength and stability. Stainless steel basin has large 8-1/2 qt. capacity yet is unusually quiet when dropped into the circular ring. Rubber bumpers are placed strategically inside the ring to reduce noise from metal to metal contact. Travels quietly on two-inch swivel casters.

| Model No. | Part No. | Feature | Dimensions (overall) | Basins | Ship Wt. (lb) est. |

STAINLESS STEEL STANDS

8848SS

MODEL 8848SS (STANFORD) MAYO STAND maneuvers easily with a four caster, heavy-duty stainless steel base for ease of mobility. Great for the ER or exam rooms. Height adjusts with a Tru-Loc™ friction knob.

| Model No. | Part No. | Feature | Height Adjustment | Tray Size | Ship Wt. (lb) est. |
|---------------|------------|---------------|-------------------|-------------------|--------------------|
| 8848SS | 0648848000 | 4 caster base | 39-1/2" to 62" | 12-5/8" x 19-1/8" | 35 |

8869SS

MODELS 8867SS AND 8869SS (BENJAMIN) FOOT OPERATED MAYO STANDS are number one in ease and durability. Just lift the tray frame – it automatically locks. To lower, hold the tray frame and press the foot operated control button. Release to lock in place. A guard over the foot button prevents accidental release. Our state of the art double post design minimizes lateral movement and increases overall unit stability. Select our **MODEL 8871SS, DOUBLE-POST JUMBO BENJAMIN MAYO STAND** when a larger tray size is required.

| Model No. | Part No. | Feature | Height Adjustment | Tray Size | Ship Wt. (lb) est. |
|---------------|------------|---------------|-------------------|-------------------|--------------------|
| 8867SS | 0668867000 | Foot-operated | 39-1/2" to 62" | 12-5/8" x 19-1/8" | 46 |

8871SS

4-Leg IV Stands Come in Chrome or Stainless Steel

CHROME STANDS

MODEL 1305 IV STAND is for value-conscious customers who will still demand quality construction. The stand is offered with two hooks welded to the pole or a removable four-hook ram's horn with colored secure-grip tips. Both sit on a four-leg epoxy-coated base with Wall Saver™ tips to protect walls. Twist-lock height adjustment. Stand travels on four, 2" twin-wheel hooded casters. Minimal assembly required.

| Model No. | Part No. | Feature | Height Adjustment | Ship Wt. (lb) est. |
|-----------|------------|---------------------|--------------------|--------------------|
| 1305 | 0561305000 | welded hooks (2) | 47-1/2" to 85-1/2" | 10 |
| 1305-4P | 0561305401 | removable hooks (4) | 52" to 91" | 15 |

MODEL 1310 IV STAND sits on a 22" diameter chrome-plated heavy bar steel base with Wall Savers™ to protect against scuff marks. The Tru-Loc™ friction knob assures secure height positioning. Offered with a two-hook ram's horn with secure-grip tips. The stand travels on four, 2" twin-wheel hooded casters. Height adjustment from 51-1/2" to 93". Minimal assembly required.

| Model No. | Part No. | Feature | Height Adjustment | Ship Wt. (lb) est. |
|-----------|------------|----------|-------------------|--------------------|
| 1310 | 0561310000 | (2-hook) | 51-1/2" to 93" | 14 |

Optional four-hook adapters available.

IV ACCESSORIES

5-LEG IV STANDS

Available in Chrome or Stainless Steel

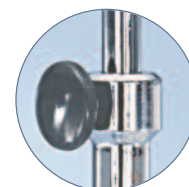

FIVE-LEG IV STANDS sit on a 24" diameter, polished die cast aluminum base with Wall Saver™ end caps to protect against scuff marks. **Select a stainless or chrome post and your choice of three different height adjustment mechanisms.** All Five-leg IV poles offer a two- or four-hook interchangeable ram's horn. All stands feature poly-coated, secure grip hooks for protection. Five-leg IV stands travel on 2-1/2" twin-wheel hooded casters or 2" or 3" hard rubber swivel casters. **Special features can be found on Model 1350** — our heavy-duty chrome IV stand with a 1-1/4" outside diameter base pole and 1" outside diameter extension pole. This model comes with four- or six-hook interchangeable ram's horn. All stands feature poly-coated, secure grip hooks for protection.

Note: SS denotes Stainless Steel

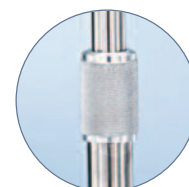

Note: All Five-leg IV stands ship in 2 separate cartons and require minimal assembly.

Automatic Thumb Control

MODEL 7795SS4 (HACKENSACK) CART-WASHABLE IV STAND is newly designed for processing through today's cart-washers. Built specifically to withstand high temperatures and cleaning fluids, with weep holes in the pole and base for fluid drainage. Field-tested for durability. This model comes on a five-leg composite base with 2-1/2" casters. It features a 1" outside-diameter base pole and 3/4" outside diameter extension pole with Twist-lock height-adjustment and a four-hook ram's horn.

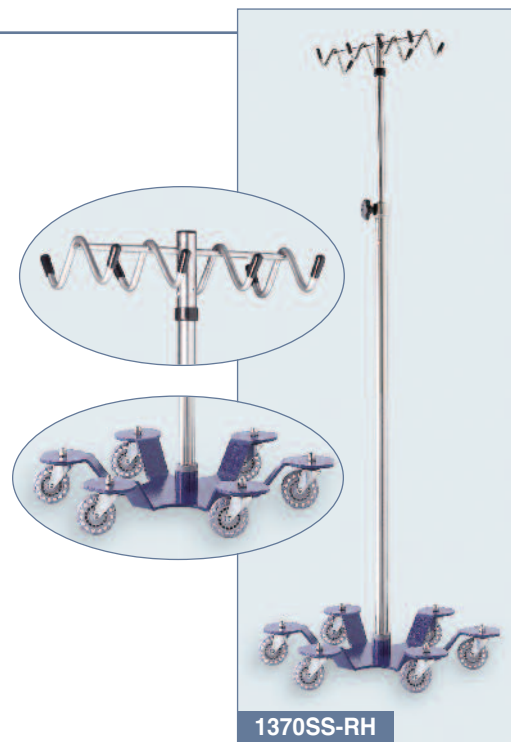

6-LEG IV STANDS

Available in Chrome or Stainless Steel

Blickman's 1370 series 6-leg IV stands with low center of gravity base are designed for hospital applications requiring multiple pumps or whenever a heavier base is required. The 1370 series features:

- 25-1/4" diameter low center of gravity base for improved stability
- Heavy duty 3" roller blade wheel casters for easy maneuverability
- Steel power coated finish base for durability
- Accommodates up to 4 infusion pumps
- Color bases available (consult factory)
- Model 1370SS-RH features a "rake hook" that supports up to 8 IV solution bags to provide ease of use for numerous IV tubing lines and helps prevent entanglement.

(Rake hook adaptor available on all models except 1305)*.

| Model No. | Part No. | Pole | Height Adjustment | Ship Wt (lb) est. |
